Route Description

Today's route will make you dizzy, as it heads south to Long Lake, north through Frenchville, back south through St. Agatha, southwest through Ouellette, and north to New Canada and Fort Kent, our home for two nights. Fort Kent is a vibrant and prosperous community where one can attend pre-kindergarten through 8th grade, graduate from high school, complete a 4-year college degree, AND earn a PhD . . . all within the same block! Get ready for beautiful views from the height of land above Madawaska, and serene lakefront riding as we skirt Long Lake for the first time.

Points of Interest

Bouchard's Country Store: Keep an eye out for this charming country store on route 161 before rolling into Fort Kent. It's the retail outlet for Bouchard Family Farms, makers of the famous ploye mix. You can find fresh produce, souvenirs, as well as their delicious ploye ice cream sandwiches!

Aroostook Beef Company: Also on Route 161 is the Aroostook Beef Company. You may remember their product from dinner in Presque Isle back on Saturday. They raise beef that is all natural and free from all hormones and antibiotics. You will also find their products at their retail location on Market Street in Fort Kent.
